

MORE MOI

MATERIALS FINISH MODULES

MATERIALS

Both Moi and More cabinets are made of strong 19 mm thick melamine boards. More cabinets stand on a strong steel frame, the Moi series on a plith base or on aluminium feet.

FINISH

The cabinets come in light and dark grey, and also in white. The sliding doors of More cabinets are available in different wood veneers: natural maple or beech, whiskey or cognac on maple, and white or blackish-brown oak. The MDF board sliding doors also come in cream, brick red, lettuce green and violet. In addition to the veneer selection, you can also choose elegant steel grey, natural birch, white oak or walnut melamine doors for your Moi cabinets.

MODULES

The cabinets come with two, three, four or five shelf modules.

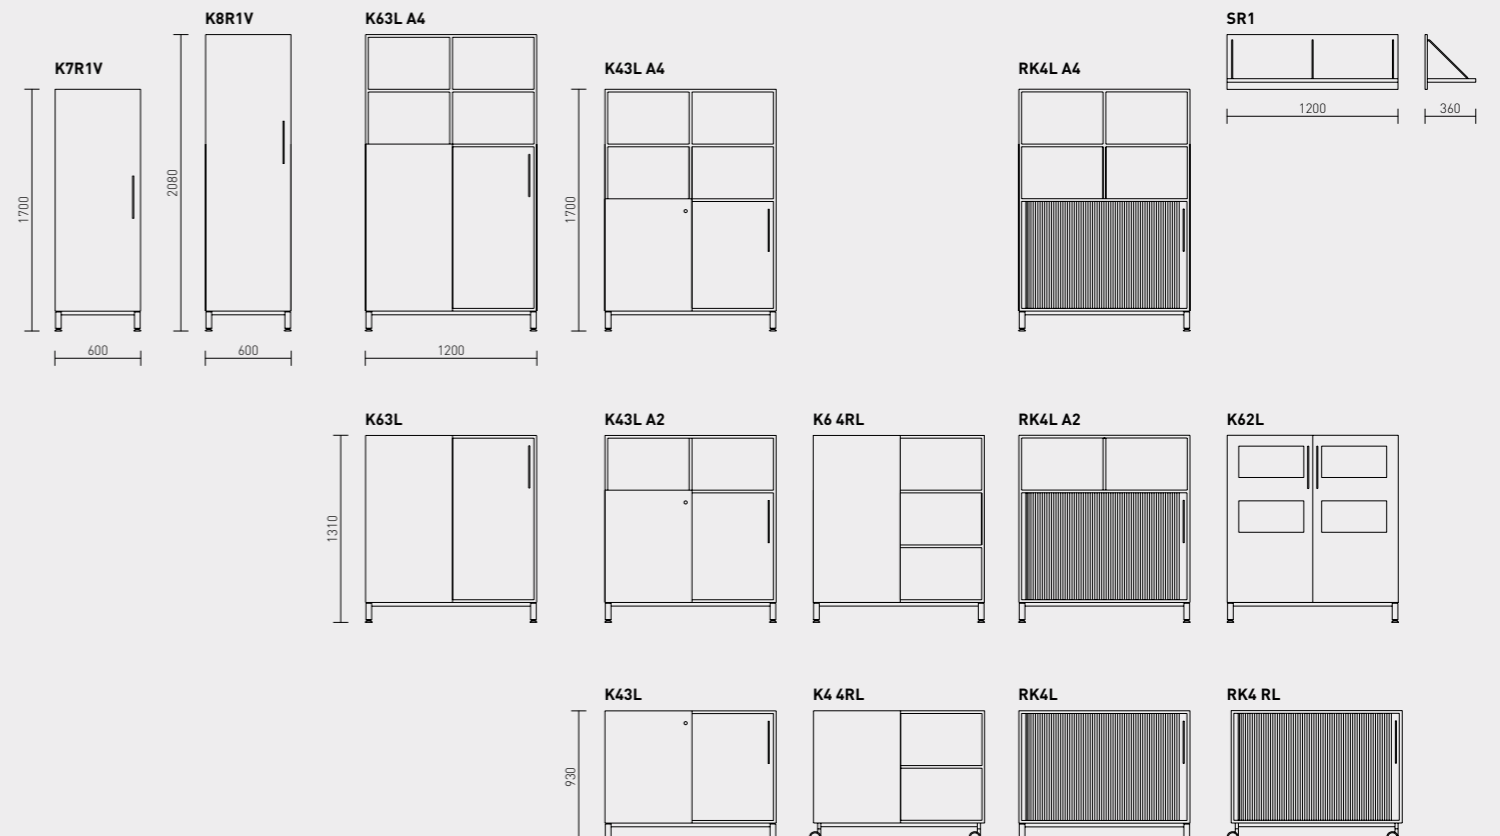

More cabinets are 450 mm deep and 1200 mm wide. The smaller cabinets are also available on frames with wheels. Only the lower parts of the cabinets have roller shutter or sliding doors. The depth and width of the More wardrobes is 600 mm, and the wardrobes are also available with hinged doors. The range includes a wall shelf.

The depth of Moi cabinets is 410 mm. The 800 mm wide cabinets come with hinged doors and roller shutter doors, and the 1600 mm wide cabinets come only with sliding doors. The wardrobes are 600 mm wide. The range also includes a wall shelf and an 800 mm deep pull-out cabinet.
