Dezibel Divider

Dezibel

Divider absorber

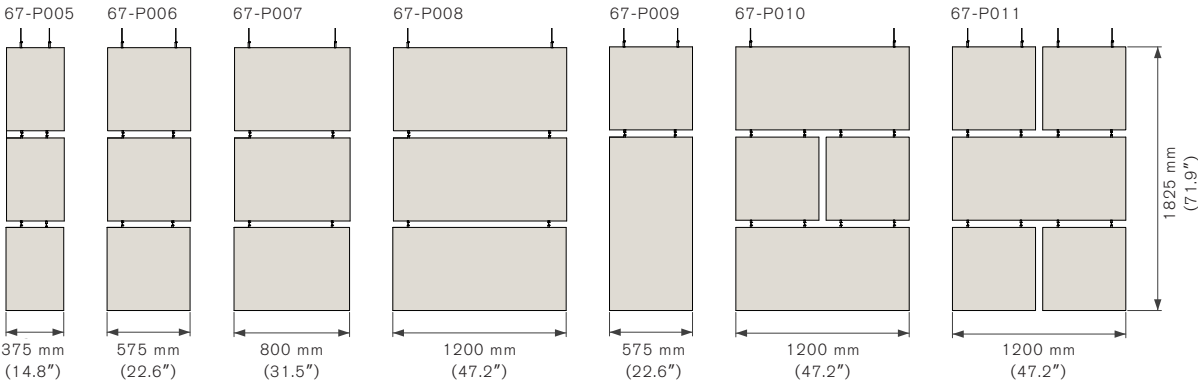

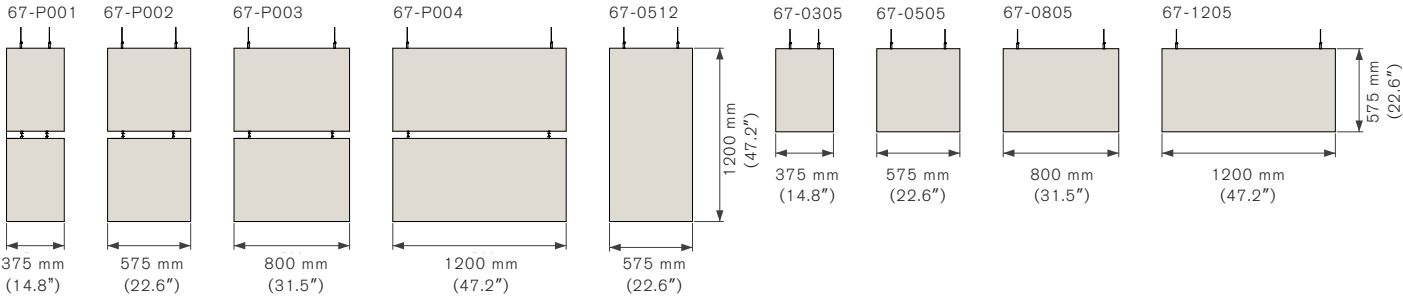

Dezibel is a sound-absorbing module that can be combined in many ways. The absorbers are suspended separated by 50 mm (2"). Suspend it from the ceiling to create space separators and effective sound barriers. Dezibel makes it possible to create separate areas and a very pleasant sound environment while preserving the room's openness.

Color deviation can occur when viewing PDF and print. To see exact fabric colors, please order a sample from us.

CARE INSTRUCTIONS

In order to preserve the color and appearance of the fabric, the fabric should be regularly vacuumed with a soft nozzle.

Stain Removal for Polyester:
- Moisten the stain sparingly with a white clean cotton cloth, lukewarm water and possibly some pH neutral detergent.

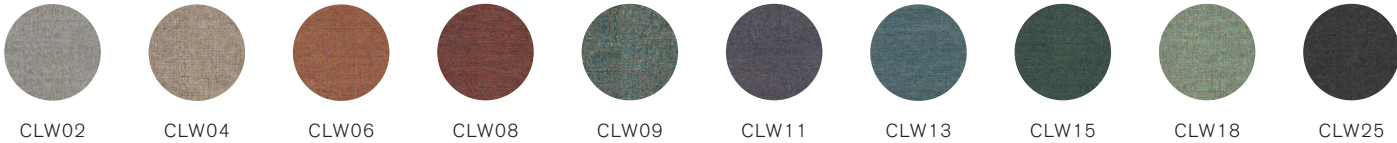

Stain Removal for Wool:
- Dot or gently wipe with a damp cloth.
