

Hexa

Multifunctional hexagonal seating system

This product has been created for:

- › Public, corporate, educational and hospitality environments
- › Teamwork islands
- › Dividing space into different zones
- › Informal meetings

Design:
Morten Nikolajsen

The Hexa multifunctional hexagonal seating system can be arranged in endless inspiring combinations, each one slightly different from another. It fits perfectly in both playful, flowing rooms and spaces that call for a touch of whimsy and softness. Hexa is customisable for all public spaces from schools and waiting areas to cosy offices.

The designer's guiding principle is to "make long-lasting products and leave the world in better shape than the how we found it" – an important thought to further develop on your own or together with your team or community.

Product information
