

Meeter

Sofa

This product has been created for:

- > Cafés and restaurants
- > Waiting areas
- > Tight conditions
- > Private conversations

SOFTREND
THE SOFA

Design: Argo Tamm

Meeter is a **modular sofa for all kinds of public space**: restaurants, waiting areas, offices and more. It can be put together from modules of three different heights whose width is your choice: anywhere between 62-150 cm. Adding a touch of character is the sofa's slender metal legs. Meeter solutions are ideal for team and individual work. They can be formed into combinations for group work or used to divide up your space into separate units. The filling and covering materials are durable and fireproof, as public space demands.

Product information
