SOFTREND
THE SOFA

Design: Argo Tamm

The keywords with this sofa are comfort, flexibility and mobility. It comprises modules from which you can create a variety of combinations. Museo is universal and classic in form, making it perfect for waiting areas in just about any public space. Adding a touch of lightness and character are its metal legs, which come in a range of finishes. The filling and covering materials are durable and fireproof, as public space demands.

Valchromat® is an innovative wooden board that combines the natural properties of wood with bright colours. Because Valchromat is about 30% more dense than usual MDF boards and is coloured throughout, it is also more resistant to mechanical damage.

In the Valchromat production process, painted wood particles are glued together

with a special low-formaldehyde resin with good lubricity. Small wood particles create a delicate sparkling pattern on the board, so differences in colour and pattern may sometimes occur.

Finishing options for additional table: high-pressure laminate can be ordered separately at customer's request
