Design: Argo Tamm

Designed as a sofa for use in public spaces, Sans is more than just comfortable – it's so cozy you'll probably never want to get up again! The soft upholstery is offset by a slender metallic base. It's the perfect place to get some work done or gather your thoughts uninterrupted, while the power sockets and USB port keep you connected to the rest of the world. A range of back pillows, modules and tables enables you to turn Sans into exactly the piece of furniture you need for your work and activities – whether that be a private corner with high walls, a little island in the middle of an open space or one of numerous other options.
