- Supports in injected aluminium L-2630 UNE 38-263.
- Semi-automatically welding in arc robot with gas control and steel strip.

Certificates

UNE-EN 16139:2015 (Level L2, heavy use).

Measures

The innovative Tray is Enea's eye-catching answer to new trends in education in schools, universities and companies. It adapts rapidly to changing learning dynamics; switching from group work to individual and to different classroom layouts. Based on the Lottus frame it has four caster wheels, a handy tray for sitters to place objects and a sturdy, anti-panic writing tablet.
