SAREK

Organic designs to plan fluid and changeable environments

The look of Böln's Sarek collection is doubly fluid and organic, which means that the design of its modules is curved with soft shapes, and the same goes for the arrangements with the modules.

Creativity with five modules

Environments with character

The shades available for the Sarek collection allow us to use color to design creative, customized spaces that will adapt to all architectural styles. For corporate environments, you can customize the shades on demand.

Designers

Stone Designs is a cross-disciplinary design studio. It is based in Madrid but works worldwide on projects for interior design or products. This studio attended a special course on Flexyskin before working with Böln on the development of the Abisko collection. A stylish range of stools created with their own experience in designing interiors and heavy-duty shared spaces.
